CANTERBURY  
COLLEGE

## Four week Study Abroad Experience

We are delighted to offer three and four week programs for students to participate in Canterbury College School life, to live in homestay, and to see some of Australia including **Brisbane, Gold Coast, Sydney, wildlife and beaches**. Students can also visit two of the major Universities in Queensland.

### Brisbane Walkabout

We begin with a group photograph overlooking the Brisbane city; walk through Queen Street Mall visiting souvenir shops; cross Victoria Bridge and the Brisbane River with a short visit at the Museum; walk through beautiful Southbank Parklands and stop for lunch at the beach; continue over the Goodwill Bridge and visit the Queensland University of Technology (QUT) campus; walk through the Botanical Gardens. This walking tour is nearly four kilometres.

### The Gold Coast and Beaches

An opportunity to visit beautiful Gold Coast beaches for a walk and play time on golden sands. The Gold Coast consists of 70 kms of coastline with some of the most popular surf breaks in Australia and the world. We may be able to talk to a professional life saver. The Gold Coast has Australia's largest professional surf lifesaving service to protect people on the beaches and to promote surf safety throughout the community.

### Sydney Day Trip

An opportunity to visit Sydney for the day visiting the Harbour and Rocks precinct, a ferry to Darling Harbour, Sydney Opera House, Bondi Beach and other highlights.

We leave from Brisbane early in the morning to fly to Sydney and return late in the evening.

A big day out!
